the REPUTATION this excellent medicine enjoys, is derived from its cures, many of which are cures, many of which are truly marvellous, Inveterate cases of Scroyulous disease, where the system seemed saturated with corruption, have been putified and cured by in Scrofulous arections and disorders, which were segravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great tumbers in almost every section of the country, that the nublic scarcely need to be informed of its virtues or use.

tenant of the organism undermines the constitue and invites the attack of enfeebling or tatal disease and invites the attack of enfecting or ital diseases, without exciting a suspicion of its presence. Again, it seems to breed infection turough the body, and then, on some lavorable occasion, rapidly develops into one or other of its bideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart-or tumors formed in the liver, or it shows it- pre-ence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a hottle of this SAR-APARILLA is alvisable, even when no active symptoms of disease appear. Persons affaired with the following complaints generally find immediate relief, and, at length, cure by the use of this SAR-APARILLA: St. Anthon's Fire. Rose or Erysipelss, Tetter, Salt Rhoun, Scald Head. Ring Worm, Fore Lyes, Sore Ears, and other errpitons or visible forms of Scrofulous disease. Also, in the more concealed forms, as Dyspepsia, Dropsy, Heart Di ease, Fits, Epilopsy, Neuralgia and the various disease. Fits, Epilopsy, Neuralgia and the various disease.

rious ulcerous affections of the muscular and nervous systems.

Fyphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladi s by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhez or Whites, Uterine Ulcorrations and Female diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, sup lied graffs. Rhoumatism and Gut, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints. Torpidity, Congestion or Influmnation of the Liver and Jaun itee, when arraing, as they often do from the rankling poisons in the bood. This SARN-PARILLA is a great restorer for the strength and ylaor of the system. I hose whe are Languid and Listie s, Despondent, bleepl as and troubled with Nervous Apprehensions or Fears, or ally of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
